1568

Dated 25th August 1947.

No. S. R. 748—L. W. 13-47-6. Under Section 12 (4) of the Mysore Labour Act, XIII of 1942, the Government of His Highness the Maharaja of Mysore are pleased to publish for general information the following report of the Chief Conciliator in Mysore of the failure of conciliation proceedings in the dispute between the Mysore Chemicals and Fertilisers, Labour Association, Belagula and the concerned Management, in respect of the enforcement of 48 hours of work per week for the workers in the Factory as per amendment to Section 47 of the Mysore Factories Act, 1936, and payment of overtime allowance for workers for work exceeding 48 hours per week since 16th September 1946 till the scheme of 48 hours work per week is enforced.

1575 MOHAMED ISMAIL SHERIFF, *Gl. Secy.*

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE.

Notification dated (Camp) Mysore, 12th August 1947.

To

The Secretary to Government,
General Department,
Bangalore.

Sir,

No. C. C. 27—47. I have the honour to make the following report under Section 12 (4) of the Mysore Labour Act, relating to a dispute between the Mysore Chemicals and Fertilisers' Labour Association, Belagula, and the concerned works Management in regard to the enforcement of 48 hours of work per week for the workers in the Factory as per amendment of Section 47 of the Mysore Factories Act of 1936, and payment of overtime allowance for workers for work exceeding 48 hours per week since 16th September 1946 till the above scheme of 48 hours work per week is enforced.

(2) The President of this Labour Association gave to the concerned works Management a notice of change, dated 3rd March 1947, making the above demand. As the Assistant Commissioner of Labour, Mysore Division, did not succeed in bringing about an Agreement between the parties, the Commissioner of Labour referred the case to this office for initiating conciliation proceedings under Section 10 (3) of the Labour Act.

(3) The case was accordingly registered and intimations to the parties were issued for hearing. I held conciliation proceedings at Bangalore on 30th April 1947, when the subject-matter of the Notice of change was discussed at some length. The Management was represented by Dr. K. L. Ramaswamy, General Manager of the Works, assisted by Mr. N. G. Narayan, Labour and Welfare Officer of the works,

while on behalf of the Labour Association were present, Mr. M. S. Joseph, President of the Association and the following office bearers:—

Messrs.—

1 A. Subramanya Iyer, Vice-President
2 Y. N. Madhava Rao, Secretary
3 R. S. Nivas, Assistant Secretary
4 K. Ramachandran, Treasurer

(4) The Assistant Commissioner of Labour, Mysore Division (Mr. C. N. Nanjappa), was present at the Conciliation meeting.

(5) The Labour representatives explained the demand and stated that as per Section 47 of the Mysore Factories Act, as amended recently the employees were entitled to twice their ordinary rate of pay in respect of overtime work and that it should be given effect to from 16th September 1946 till the system of 48 hours of work per week is enforced. They further alleged that the Management was delaying the introduction of the system of 48 hours of work per week with a view to extract duty wrongfully from the employees.

(6) The General Manager, on behalf of the Management, contended that the amendment of Section 47 did not in any way effect the provisions of the Act inasmuch as the proviso to Section 34 of the Factories Act has not been modified. He added that in view however of the present Notice of Change, the Management wanted to have an authoritative opinion on the subject, and that the matter had therefore been referred to the Chief Inspector of Factories for instructions and that the reply was awaited. The Association representatives contended that when a section was amended the proviso should also be taken as having been amended, and, as such, there was no need to refer the matter to the Chief Inspector of Factories and that it only caused unnecessary delay. The Management's representative replied that they had no intention either to delay, or to evade the provisions of the Act, but what they wanted was to make sure of the scope of the amendment to the said section by getting the opinion of the authority competent to give an opinion in order to enable the Management to take a final decision in the matter. Hence, the General Manager requested for a short adjournment by about three weeks, by which time he would, he hoped, get a reply from the Chief Inspector of Factories. After further discussion, the Labour Association agreed to the grant of three weeks' time to the Management to enable them to give their final decision in the matter.

The proceedings were accordingly adjourned by three weeks on the understanding that the Assistant Commissioner of Labour would contract the parties and intimate to the Office, settlement (if any) or otherwise, so that this Office may take further action in the matter.

The Assistant Commissioner of Labour, who contanced both the parties reported in his letter dated 22nd May 1947, that the Management was not able to get the opinion of the Chief Inspector of Factories so far, and as such they (Management) could not come to any final decision and would like to have three more weeks' time. He added that the Labour representatives were not agreeable for the grant of any further time to the Management.

Under the Act, the proceedings had to be completed within one month of the initiation of the proceedings. But it appeared that the opinion of the Chief Inspector of Factories would help the Management to come to a settlement. So, I considered it desirable that the Management was allowed the further time sought for. Accordingly, Government were addressed in this Office letter dated 3rd June 1947 to grant two fortnights' time, exclusive of the time granted with the consent of both the parties.

Even so, the Management did not get a reply before the expiry of this period. As the proceedings could not be completed, this Office further requested Government by a letter dated 26th July 1947, for another fortnight's time under Section 12 (1) (*a*). But again the General Manager has written in his latter dated 1st August 1947 (received in this Office on 7th August 1947) stating that no reply has been received from the Chief Inspector of Factories.

Under Section 12 (1) (*a*) the total extension of time is only two months in the aggregate and there is no provision for extension of time beyond two months, even by Government. As things stand, there seems no probability of the Management getting a reply from the Factories Chief Inspector. In the circumstance, I think, it is no use waiting further and there is apparently no chance of the parties coming to a settlement in the matter. The position is that the demand is not conceded by the Management and that the Labour Association is pressing for the demand. Hence, no settlement seems possible between the parties in regard to this matter.

All possible ways of settlement were explored but no settlement could be reached.

Thus, the Conciliation Proceedings in the case ended in failure, which I hereby report.

I request that this report may be published in the *Mysore Gazette* as required in sub-section (4) of Section 12 of the Mysore Labour Act.

I have the honour to be,
Sir,
Your most obedient servant,

NAVANEETHAM,
Chief Conciliator.
